

CELEBRATE VETERANS DAY

Veterans Day, 11 November 2009 is a day to thank all U.S. Veterans for their bravery and sacrifice.

Take time on 11 November to recognize veterans for their service to this country.

Teach children about the history of Veterans Day, which was once known as Armistice Day.

Simply saying thank you to a veteran will let them know that they are appreciated. You may also send a card or email to express your gratitude.

Thank you to all Veterans!
