American Red Cross Swimming and Water Safety

The American Red Cross offers a comprehensive and developmentally appropriate swim program that teaches you, your child or other family members how to swim skillfully and safely. The prerequisite for each level is the successful demonstration of skills from the preceding level, except for Level 1, which has no prerequisites. Each level also includes lessons in water safety.

Parent and Child Aquatics

</tbody>
</table>
## Level 1—Introduction to Water Skills
Helps participants feel comfortable in the water.
- Enter and exit water using ladder, steps or side
- Blow bubbles through mouth and nose
- Bobbing
- Open eyes underwater and retrieve submerged objects
- Front and back glides and floats
- Recover to vertical position
- Roll from front to back and back to front
- Tread water using arm and hand actions
- Alternating and simultaneous leg actions on front and back
- Alternating and simultaneous arm actions on front and back
- Combined arm and leg actions on front and back

## Level 2—Fundamental Aquatic Skills
Gives participants success with fundamental skills.
- Enter and exit water by stepping or jumping from the side
- Fully submerge and hold breath
- Bobbing
- Open eyes underwater and retrieve submerged objects
- Front, jellyfish and tuck floats
- Front and back glides and floats
- Recover to vertical position
- Roll from front to back and back to front
- Change direction of travel while swimming on front or back
- Tread water using arm and leg actions
- Combined arm and leg actions on front and back
- Finning arm action

## Level 3—Stroke Development
Builds on the skills in Level 2 through additional guided practice in deeper water.
- Enter water by jumping from the side
- Headfirst entries from the side in sitting and kneeling positions
- Bobbing while moving toward safety
- Rotary breathing
- Survival float
- Back float
- Change from vertical to horizontal position on front and back
- Tread water
- Flutter, scissor, dolphin and breaststroke kicks on front
- Front crawl and elementary backstroke

## Level 4—Stroke Improvement
Develops confidence in the skills learned and improves other aquatic skills.
- Headfirst entries from the side in compact and stride positions
- Swim underwater
- Feetfirst surface dive
- Survival swimming
- Front crawl and backstroke open turns
- Tread water using 2 different kicks
- Front and back crawl, elementary backstroke, breaststroke, sidestroke and butterfly
- Flutter and dolphin kicks on back

## Level 5—Stroke Refinement
Provides further coordination and refinement of strokes.
- Shallow-angle dive from the side then glide and begin a front stroke
- Tuck and pike surface dives, submerge completely
- Front flip turn and backstroke flip turn while swimming
- Front and back crawl, elementary backstroke, breaststroke, sidestroke and butterfly
- Sculling

## Level 6—Swimming and Skill Proficiency
Refines the strokes so participants swim them with ease, efficiency, power and smoothness over greater distances. Level 6 is designed with "menu" options that focus on preparing participants for more advanced courses, including the Water Safety Instructor, or other aquatic activities, such as competitive swimming or diving.

**Options include:**
- Fitness Swimmer
- Personal Water Safety
- Fundamentals of Diving
