

Shop and Save!

We all know every little bit helps. That's why the Quantico Exchange is teaming up with the Quantico Child Development Center to help save you a little cash with the Child Bucks Program. This program allows you to save money when you spend money. When you make purchases of \$15 dollars or more at the Quantico MCX, you are eligible to earn money toward child care at the Quantico CDC.

Child Bucks Guidelines

- By shopping at the Quantico Exchange you can earn one (1) child buck for every fifteen (15) dollars you spend. There is no limit to how many Child Bucks you can earn in a month!
- Bring your Quantico MCX receipts, dated within two working days, directly to the Quantico CDC to have the Child Bucks applied immediately to your family's account.
- This offer is valid only for families who have their child enrolled with the Quantico CDC for hourly care, part day care, or full time day care.
- Only purchases made by the sponsor or an immediate family member can be used to earn Child Buck credits. Quantico MCX receipts presented to the Quantico CDC for Child Bucks Credit must be submitted by the sponsor or an immediate family member.

*Child Bucks cannot be used for the Quantico SAC Program.
