
In mid-November 2009, the Medal of Honor Golf Course will begin registering patrons at the Pro Shop for PIN numbers so they can make a tee time through this system. In January 2010, the Medal of Honor Golf Course will go live with patrons making their tee times through this system.

HOW WILL IT WORK?

- 1) Patrons will first register for a **PIN NUMBER** at the Pro Shop. Proper identification will be necessary. There will be no charge to the golfers.
- 2) Patrons will call the **TEE TIME phone number, 703-432-8536**. Patrons need to know what priority they fall into for making tee times. These priorities have not changed. They are:

Category 1 - Active Duty and their family members assigned to commands at Quantico and all Active Duty Marines and their family members in the National Capital area

Category 2 - All advanced green fee pass holders that are active or retired military to include their family members..

Category 3 - All other eligible patrons: retired military, DoD, FBI & DEA at Quantico, and Honorably discharged Veterans.

HOW WILL THIS BENEFIT THE GOLFER?

The automated system has 8 phone lines. This should help to reduce repeated calling and getting a busy signal over and over trying to get through to the Pro Shop to make a tee time. One of the major benefits of the computerized system will be 24 hour access for registered personnel.

WHEN DO I CALL?

A set schedule is shown on the back of this brochure. It details the day and time you can call, in accordance with your Category. For more information, contact the the Pro Shop line at 703-784-2424.

CAN I STILL CALL THE PRO SHOP?

If you have problems with the system, please contact the Pro Shop. To access the system and make tee times in accordance with your Category, it will be necessary to obtain a PIN number. Out-of-town eligible patrons may contact the Pro Shop for available tee times. General public players will be allowed to call the Pro Shop 2 days in advance of play on weekdays and the day of play on weekends (weekend play will be based on space availability).

WHAT IF I WANT TO MAKE MORE THAN ONE TEE TIME?

If you are calling for a weekend or holiday tee time, you will only be able to make one tee time. If you want to make tee times for more than one foursome, on weekdays only, you should call or visit the Pro Shop. When scheduling a tee time you will be allowed to make it for 2, 3, or 4 people.

CAN I MAKE A TEE TIME ON-LINE?

No, the automated tee time system is a phone-in system. We hope it will be more efficient for golfers, so they will not confront the busy signal at the Pro Shop on tee time day. Future expansion may allow us to schedule times on-line.

HOW DO I CANCEL MY TEE TIME IF MY SCHEDULE CHANGES?

Cancellations before the day of play should be made by calling the Tee Time phone line 703-432-8536. On the day of play, cancellations must be made by calling the Pro Shop line at 703-784-2424.
